

CELEBRATION OF THE MAYAN NEW YEAR MAY 2020

# 3 AHAU

**"THE NEW FIRE OF GAIA:**

**The Renaissance of the New Earth"**

**From July 23 to 27 in PUNA, Big Island, Hawai'i.**

**Convened by the Venerable Grandmother NAH KIN.**

As of the winter solstice of 2012, the supreme galactic energy has been introducing on Earth the new vibrational that allow humanity and the planet itself to enter an accelerated process of evolution and ascension. This transformative phenomenon was pointed out by the Cosmic Maya of antiquity and is perfectly embodied in the Revolutionary Sacred Mayan Calendar.

In 2020, the sacred code that brings Glyph Maya **3 AHAU** will be activated. This code is explained as follows: **3** means movement, rhythm, synergy, which allows us to reach the vibrational frequency of our light being; **AHAU** is Enlightenment, which corresponds to an inner work to unify our Being with the vibrational frequency of our Spiritual Essence, in order to radiate it from our peace and creativity, with pure and clear consciousness.

Therefore, the arrival of **3 AHAU** energy on Earth means the *generation of a powerful evolutionary impulse that will allow people to experience their daily lives as a holy space where their spiritual power is anchored; with total clarity, to establish a new way of being and living.*

The year 2020 expresses a numerical code of extraordinary value, since it is the conjugation of **20:20**, where 20 symbolizes in the Mayan accounts a complete cycle, which now closes; but by forming "2020" it means an **evolutionary quantum leap**, where an unusual ascensional process is reached, never before experienced. Therefore, it represents an evolutionary leap, where discord and separation from the past cycle have ended and now a rebirth is achieved on a higher and divine scale. It marks the beginning of the **UNIFYING FORCE OF THE HEART**, where humanity experiences itself as one being, creating the reality that harmonizes everyone, respecting differences and diverse approaches; but having a SUPRAGOAL, what is unity, harmony and peace, which can only come through reconciliation as beings that make up a single humanity.

I have felt from my inner world how Hawai'i, and particularly its waters, become the planetary epicenter of the resurgence of a new vibration for Planet Earth. It is the synchronic convergence of the souls that at that moment we are present that are going to be co-participants of a planetary irradiation whose epicenter is in Hawai'i.

Hawaii 2020 is a Sacred Prophecy that is fulfilled at the perfect time, in the right place and through the human consciences that are ready to perform the GAIA ASCENSION. The Earth has completed its evolutionary process and now it is up to the "vibrational leap", which is a rebirth in a "New Fire" cycle.

*Grandfather Roy Little Sun*, who was spiritually formed within Hopi wisdom, had this vision that graphed in an image (right), where an arrow that is launched from the Mayan territory carries the Quetzal consciousness of pure love, reconciliation and integration towards Hawa'ii, to generate a powerful **process of creation through the unity of the heart** that activates the establishment of the enlightened consciousness of humanity. This **arrow** falls in Hawai'i because this sacred land is destined to activate the light field that will allow Gaia to fulfill its mission at this precise time. At the same time, the *Avataric Master Lwx Votán Quetzal*, representative of Luminosity, has had a similar vision where the "Multiversal Planetary Khrystosphere" is created where the Quetzal-Emerald Portal of Edenity, Redemption Frequency 13:23:07.

For all the above, the Mayan New Year 3 AHAU will be the perfect moment where the Quetzal consciousness of the heart will bloom again on Earth as a Supreme Consciousness of Spiritual Unity, where humanity recovers the synchronicity between each one of us, and synchronicity with the entire universe, becoming citizens of the world with planetary consciences: *Citizens of the Biosphere*.

**Hawaii has developed within it a pure spirit where the philosopher's stone of the supreme spirit that honors Divine Earth, which honors the universe, has remained, and from that pure spirit will be the axis that drives planetary evolution in this New Time.**

*With love and gratitude:*  
**VENERABLE GRANDMOTHER NAH KIN**

#### **ITINERARY IN HAWAI'I**

Next, we share the itinerary that the Venerable Grandmother Nah Kin and the light collaborators working with her have designed, in accordance with the divine inspiration of the Venerable.

For the Venerable Grandmother Nah Kin, the meeting she has had in recent times with **Aerin Alexander**, heiress of the Great Nahual Don Carlos Castañeda, and **Miles Reid**, her husband with whom she founded the "*Energy Life Sciences Institute*" (Center for Integrative Health and the Being Energy Methodology). This meeting told her about the total convergence of the light channels that are moving

this powerful work, because they have an energy center in Hawaii, which they will offer as a meeting point during the days of formation and spiritual preparation of the UAYEB, prior to the Great Ceremony of July 26.

The Aerin and Miles space is located near the PUNA Forest Reserve, a virgin space that protects the ancestral essence of Hawai'i's sacred territory; it is the holy land that we come to activate thanks to the agreement of the heart that has been agreed in the highest dimensions of light, awakening the planetary consciousness at this moment of the quantum leap: 2020, which definitely leads us to the platform where we live in the New Time.

The District of Puna is a place protected spiritually, away from ordinary tourists. The ancestral stories of this territory say that Puna is the place where Goddess Péle, Goddess of the Volcanoes, works; there, she continuously creates and recreates the earth, reactivating its vital power so that it remains pure.

This passage aroused the consciousness of the Venerable Grandmother Nah Kin, who felt that we are just going to work with **Goddess Péle**: the volcanic energy of Planet Earth, which is particularly activated creatively in this holy place. From here, the harmonic order of Gaia will be restored, and the earth will resurface with all its purity, beauty and light to vibrate in its purest dimension.

Therefore, we will all arrive on the island of "Big Island", Hawai'i, on the 22nd, using Hilo Airport, and from there we will go to the corresponding lodgings near the Puna District, to spend the three days prior to the grand ceremony doing work at the Aerin and Miles Center (July 23, 24 and 25). A supreme ceremony will be held on July 26 in the Hawaii Volcanoes National Park, at the foot of the Kīlauea volcano. In this wonderful natural setting forged by the power of the volcanoes, the emerald crystalline heart of the Quetzal will take shape, strength and creative energy. The Quetzal will be the bird that brings the renewal message that we are ONE IN THE SPIRIT. These days will be a wonderful meeting of hearts, with the Golden Emerald, which will make the Quetzal the living virtue of pure-hearted beings. On July 27 we will schedule a tourist tour of the sacred places and natural beauty spaces of Big Island. And with this beautiful activity, we seal the 5 official days of work.
